Equal Opportunities

We operate an equal opportunity policy which means that everyone using the service, and any employee, volunteer or mentor, will not be discriminated against on the basis of racial, ethnic or national origin, gender, marital status, disability, sexual orientation, age, religious beliefs, HIV status or criminal offences.

Confidentiality

Our services are strictly confidential. We are transparent about what we do with our clients' data and we keep clients informed about who we are working with.

Referrals

We accept referrals from all professionals including GPs, pharmacies, social workers and local police. If you have a client who you feel would benefit from our services or if you are worried about someone you know, please complete our online referral form at kikitproject.org, email referrals@kikitproject.org or give us a call on 0121 448 3883.

Awareness Workshops

We provide free drug and alcohol awareness workshops for mosques, colleges and other community venues. Call us on 0121 448 3883 to book or for more information.

Pathways to recovery

KIKIT is a leading BME-specialist social enterprise providing recovery support to vulnerable people

Drugs & Alcohol Support

A Personal Plan

Your KIKIT Pathways to Recovery coordinator will design a package of care that harnesses your strengths, addresses unmet needs and helps you achieve your goals. Support will be provided as close to your home as possible through a network of community venues across the city.

Support for Families and Carers

We can help you in supporting your loved ones through a range of options including peer-led groups, mutual aid recovery and family recovery coaching.

Domestic Abuse Support

We help victims find out what their options are, with advice on housing, safety and legal issues.

About Us

Working with Change Grow Live (CGL), KIKIT Pathways to Recovery provides BME-specialist community-based drug and alcohol support services, from multilingual advice and information to culturally sensitive treatment programmes.

Our tailored and culturally sensitive personalised care helps achieve positive outcomes by safeguarding the most vulnerable, offering choice, creating independence and helping people build a better life. All of our projects are designed to meet the needs of hard to reach, marginalised communities, and our tailored services are provided in local community languages.

We also keep the community at the heart of everything we do and are passionate about supporting and empowering people to live happy, healthy and prosperous lives.

We Provide

- A drop-in service
- An outreach service
- One-to-one and group support
- Family support
- Complementary therapies
- Peer mentoring by people with personal experience of the issues you are facing
- Opportunities to become a peer mentor yourself
- A mentoring programme for young people involved in gangs, crime or antisocial behaviour
- Access to faith-based programmes and support groups with the Muslim Recovery Network
- Access to Birmingham BME Recovery Forum, giving you a voice within the addiction treatment service
- Access to the Diversity in Recovery Programme, Foundations of Recovery (a non-religious holistic programme), Alcoholics Anonymous, Narcotics Anonymous and other mutual aid groups

Aftercare: The Recovery Network

We want you to celebrate your recovery and continue being supported long after your treatment plan has come to an end. We provide aftercare and offer access to peer-led activity groups like BME Recovery Forum and mutual aid with wider recovery networks. We use an asset-based recovery model to help individuals back into employment, education or training and promote a healthy lifestyle once abstinent.
